

English.

Grammar focus on adjectives, adverbs, suffixes, past tense and positional language;
Exploring myths and writing own;
Describing character and settings (linked to myths);
Using non-fiction texts to locate information about Ancient Greece;
Biographies looking at historical figures;
Daily group Guided Reading sessions.

Art/DT.

Looking at images relating to Ancient Greece.
Comparing images created at the time and afterwards.
Design and create a repeating Greek pattern using printing techniques.
Design a Greek pot using mythological imagery linked to English stories.

Geography/History.

We will locate Greece and look at how Ancient Greek civilisation spread across Europe;
We will use a range of sources to find out about the past, particularly thinking about the lasting legacy of Ancient Greece upon art, Culture and Politics.
We will think about significant individuals from Ancient Greece such as Hippocrates and Socrates.

Music.

Taught by Miss Collins. Read and write musical notation. Repeated percussion patterns. Singing. Composing. Miss Collins will link some pieces to Ancient Greece Topic.

PSHE & SEAL.

Coping with changes;
Weekly Key Stage 2 Assemblies exploring thinking skills and learning about important British figures.
Getting On and Falling Out.

Maths.

Following Curriculum for development of numeracy skills; including Multiplicative Reasoning, Additive Reasoning, Geometry and Number Sense.
Children will have regular opportunities to complete mathematical investigations where they will need to apply a range of skills and subject knowledge from lessons. They will be encouraged to use mathematical skills to record and interpret data from graphs and tables in wider subjects like Science and Geography.

Science.

Continuing to develop investigation skills. Focus this term on linking conclusions to data the children have collected and presented in graphs or tables.

Investigating and learning about States of Matter (Solids, Liquids and Gases); Magnetism, and Human Digestive System.

Significant scientists. This term focusing on female scientists – their barriers, successes and legacy.

Computing.

Programming;
Digital Literacy – searching the web, computing safely and responsibly;
Basic word processing;
Presentation skills.

'Ancient Greece' Summer 2017.

Class 3.

Class 3: Mrs Byrne Class Teacher; Mrs Pierson and Mrs Barnby Teaching Assistant support every morning; Mrs Pierson teaches Art on Tuesday afternoons. Miss Collins teaches Music on Thursday afternoons. Madame Wilkinson teaches French on Friday afternoons.

RE.

Our unit for the term is entitled 'Religion and the Individual'. We will explore this as a focused block of work, rather than sessions spread over the term.

Work will link to religion in Ancient Greece and some will link to Easter later in the term.

PE. Athletics preparing for Sports Day. Cricket and Rounders (Festival at SMCC). Also thinking about Ancient Greek Olympics.
